We are particularly grateful to Vivian Abraham for editorial supervision; Mary Kingsley for her substantive contributions; Allen Agnitti for assistance with cite checking; Eleanna Cruz and Svetlana Ladan for assistance in producing the annotated sample forms; Fabiane Best for organization and management of the online companion material to this treatise; Scribe for typesetting and composition services; and iFactory and Codearium for designing and developing the website for the online version of this treatise.

This Twelfth Edition is based on the contributions of the many individuals who have worked on the prior eleven editions and also on the many updates to those editions. We want to thank all of these individuals, even though they are too numerous to list individually here. But special mention must be made of Gary Klein, Susan Schneider, and Tara Twomey for their numerous contributions over the years to prior editions and updates.
