

tural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The amendment is based upon recommendations made on February 1 by the South Texas Lettuce Committee, which was established under the order and is responsible for its local administration. The industry needs additional time to package lettuce before cold weather in the production area adversely affects it. Therefore the committee requested relief on February 4, 11, and 18, 1979, from the Sunday packaging prohibition.

**EMERGENCY FINDINGS:** It is hereby found that the amendment which follows will tend to effectuate the declared policy of the act. It is further found that due to the emergency it is impracticable and contrary to the public interest to provide 60 days for interested persons to file comments and that good cause exists for not postponing the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that (1) this amendment must become effective immediately if producers and consumers are to derive any benefits from it, (2) compliance with this amendment will not require any special preparation on the part of handlers, and (3) this amendment relieves restrictions on the handling of lettuce grown in the production area.

*Regulation, as amended.* In § 971.319 (43 FR 53704, 58355; 44 FR 2165) the last sentence in the introductory paragraph is hereby amended by adding the following to it:

§ 971.319 Handling regulation. —

\*\*\*, except that the prohibition against the packing of lettuce on Sundays shall not apply on February 4, 11, and 18, 1979.

(Secs. 1-19, 48 Stat. 31, as amended; (7 U.S.C. 601-674).)

*Effective date.* Dated February 2, 1979, to become effective February 4, 1979.

**NOTE.**—This regulation has not been determined significant under Executive Order 12044.

WILLIAM J. HIGGINS,  
*Acting Deputy Director, Fruit  
and Vegetable Division, Agri-  
cultural Marketing Service.*
