requirements for their importation, may be found on the internet at *https://epermits.aphis.usda.gov/manual.*

(2) *Fruits and vegetables authorized importation prior to October 15, 2018.* Fruits and vegetables that were authorized importation under this subpart either directly by permit or by specific regulation as of October 15, 2018 may continue to be imported into the United States under the same requirements that applied before October 15, 2018, except as provided in paragraph (c)(4) of this section.

(3) *Other fruits and vegetables.* Fruits and vegetables not already authorized for importation as described in paragraph (c)(2) of this section may be authorized importation only after:

(i) APHIS has analyzed the pest risk posed by the importation of a fruit or vegetable from a specified foreign region and has determined that the risk posed by each quarantine pest associated with the fruit or vegetable can be reasonably mitigated by the application of one or more phytosanitary measures;

(ii) APHIS has made its pest risk analysis and determination available for public comment for at least 60 days through a notice published in the **Federal Register**; and

(iii) The Administrator has announced his or her decision in a subsequent **Federal Register** notice to authorize the importation of the fruit or vegetable subject to the phytosanitary measures specified in the notice.

(4) *Changes to phytosanitary measures.* (i) If the Administrator determines that the phytosanitary measures required for a fruit or vegetable that has been authorized importation under this subpart are no longer sufficient to reasonably mitigate the pest risk posed by the fruit or vegetable, APHIS will prohibit or further restrict importation of the fruit or vegetable. APHIS will also publish a notice in the **Federal Register** advising the public of its finding. The notice will specify the amended importation requirements, provide an effective date for the change, and will invite public comment on the subject.

(ii) If the Administrator determines that any of the phytosanitary measures required for a fruit or vegetable that has been authorized importation under this subpart are no longer necessary to reasonably mitigate the pest risk posed by the fruit or vegetable, APHIS will make new pest risk documentation available for public comment, in accordance with paragraph (c)(3) of this section, prior to allowing importation of the fruit or vegetable subject to the phytosanitary measures specified in the notice.

[Docket No. FAA–2018–0328; Airspace Docket No. 18–ASO–7]

RIN 2120–AA66

Amendment of Class D Airspace and Class E Airspace, and Revocation of Class E Airspace: New Smyrna Beach, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, correction.

SUMMARY: This action corrects a final rule published in the **Federal Register** on August 23, 2018, amending Class D airspace and Class E airspace extending upward from 700 feet or more above the surface at New Smyrna Beach Municipal Airport, New Smyrna Beach, FL. The longitude coordinate symbols for Massey Ranch Airpark listed in Class E airspace areas extending upward from 700 feet were typed as degrees, minutes, minutes instead of degrees, minutes, and seconds. Also, a parenthesis was excluded from the airport's geographic coordinates.

DATES: Effective 0901 UTC, November 8, 2018. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule in the **Federal Register** (83 FR 42585, August 23, 2018) for Doc. No. FAA–2018–0328, amending Class D airspace, and Class E airspace extending upward from 700 feet or more above the surface at New Smyrna Beach Municipal Airport, New Smyrna Beach, FL. Subsequent to publication, the FAA found that the symbols of the longitude coordinate for Massey Ranch Airpark, listed in the description under Class E airspace extending upward from 700 feet or more above the surface, was printed incorrectly. Also, a parenthesis was omitted from the geographic coordinates of New Smyrna Beach Municipal Airport. This action corrects these errors.

Class D and E airspace designations are published in paragraphs 5000 and 6005, respectively, of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR part 71.1. The E airspace designations listed in this document will be published subsequently in the Order.

FEDERAL TRADE COMMISSION

RIN 3084–AA98

16 CFR Part 310

Telemarketing Sales Rule Fees

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission (the ''Commission'') is amending its Telemarketing Sales Rule (''TSR'') by updating the fees charged to entities accessing the National Do Not Call Registry (the ''Registry'') as required by the Do-Not-Call Registry Fee Extension Act of 2007.

DATES: This final rule (the revised fees) will become effective October 1, 2018.

ADDRESSES: Copies of this document are available on the internet at the Commission's website: *https://www.ftc.gov.*

FOR FURTHER INFORMATION CONTACT: Ami Joy Dziekan, (202) 326–2648, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue NW, Room CC–9225, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: To comply with the Do-Not-Call Registry Fee Extension Act of 2007 (Pub. L. 110–188, 122 Stat. 635) (''Act''), the Commission is amending the TSR by updating the fees entities are charged for accessing the Registry as follows: The revised rule increases the annual fee for access to the Registry for each area code of data from $62 to $63 per area code; and increases the maximum amount that will be charged to any single entity for accessing area codes of data from $17,021 to $17,406. Entities may add area codes during the second six months of their annual subscription; the fee for those additional area codes of data increases from $31 to $32.

These increases are in accordance with the Act, which specifies that beginning after fiscal year 2009, the dollar amounts charged shall be increased by an amount equal to the amounts specified in the Act, multiplied by the percentage (if any) by which the average of the monthly consumer price index (for all urban consumers published by the Department of Labor) (''CPI'') for the most recently ended 12-month period ending on June 30 exceeds the CPI for the 12-month period ending June 30, 2008. The Act also states that any increase shall be rounded to the nearest dollar and that there shall be no increase in the dollar amounts if the change in the CPI since the last fee increase is less than one percent. For fiscal year 2009, the Act specified that the original annual fee for access to the Registry for each area code of data was $54 per area code, or $27 per area code of data during the second six months of an entity's annual subscription period, and that the maximum amount that would be charged to any single entity for accessing area codes of data would be $14,850.

The determination whether a fee change is required and the amount of the fee change involves a two-step process. First, to determine whether a fee change is required, we measure the change in the CPI from the time of the previous increase in fees. There was an increase in the fees for fiscal year 2018. Accordingly, we calculated the change in the CPI since last year, and the increase was 2.25 percent. Because this change is over the one percent threshold, the fees will change for fiscal year 2019.

Second, to determine how much the fees should increase this fiscal year, we use the calculation specified by the Act set forth above: The percentage change in the baseline CPI applied to the original fees for fiscal year 2009. The average value of the CPI for July 1, 2007 to June 30, 2008 was 211.702; the average value for July 1, 2017 to June 30, 2018 was 248.126, an increase of 17.21 percent. Applying the 17.21 percent increase to the base amount from fiscal year 2009, leads to a $63 fee for access to a single area code of data for a full year for fiscal year 2019, an increase of $1 from last year. The actual amount is $63.29, but when rounded, pursuant to the Act, $63 is the appropriate fee. The fee for accessing an additional area code for a half year increases from $31 to $32 (rounded from $31.65). The maximum amount charged increases to $17,406 (rounded from $17,405.69).

Administrative Procedure Act; Regulatory Flexibility Act; Paperwork Reduction Act. The revisions to the Fee Rule are technical in nature and merely incorporate statutory changes to the TSR. These statutory changes have been adopted without change or interpretation, making public comment unnecessary. Therefore, the Commission has determined that the notice and comment requirements of the Administrative Procedure Act do not apply. *See* 5 U.S.C. 553(b). For this reason, the requirements of the Regulatory Flexibility Act also do not apply. *See* 5 U.S.C. 603, 604.

Pursuant to the Paperwork Reduction Act, 44 U.S.C. 3501–3521, the Office of Management and Budget (''OMB'') approved the information collection requirements in the Amended TSR and assigned the following existing OMB Control Number: 3084–0169. The amendments outlined in this Final Rule pertain only to the fee provision (§ 310.8) of the Amended TSR and will not establish or alter any record keeping, reporting, or third-party disclosure requirements elsewhere in the Amended TSR.

Accordingly, the Federal Trade Commission amends part 310 of title 16 of the Code of Federal Regulations as follows:

PART 310—TELEMARKETING SALES RULE

■ 1. The authority citation for part 310 continues to read as follows:

Authority: 15 U.S.C. 6101–6108; 15 U.S.C. 6151–6155.

■ 2. In § 310.8, revise paragraphs (c) and (d) to read as follows:

§ 310.8 Fee for access to the National Do Not Call Registry.

* * * * *

(c) The annual fee, which must be paid by any person prior to obtaining access to the National Do Not Call Registry, is $63 for each area code of data accessed, up to a maximum of $17,406; *provided,* however, that there shall be no charge to any person for accessing the first five area codes of data, and *provided further,* that there shall be no charge to any person engaging in or causing others to engage in outbound telephone calls to consumers and who is accessing area codes of data in the National Do Not Call Registry if the person is permitted to access, but is not required to access, the National Do Not Call Registry under this Rule, 47 CFR 64.1200, or any other Federal regulation or law. No person may participate in any arrangement to share the cost of accessing the National Do Not Call Registry, including any arrangement with any telemarketer or service provider to divide the costs to access the registry among various clients of that telemarketer or service provider.

(d) Each person who pays, either directly or through another person, the annual fee set forth in paragraph (c) of this section, each person excepted under paragraph (c) from paying the annual fee, and each person excepted from paying an annual fee under § 310.4(b)(1)(iii)(B), will be provided a unique account number that will allow that person to access the registry data for the selected area codes at any time for the twelve month period beginning on the first day of the month in which the person paid the fee (''the annual period''). To obtain access to additional area codes of data during the first six months of the annual period, each person required to pay the fee under paragraph (c) of this section must first

pay $63 for each additional area code of data not initially selected. To obtain access to additional area codes of data during the second six months of the annual period, each person required to pay the fee under paragraph (c) of this section must first pay $32 for each additional area code of data not initially selected. The payment of the additional fee will permit the person to access the additional area codes of data for the remainder of the annual period.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Allocation of Assets in Single-Employer Plans; Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans to prescribe interest assumptions under the benefit payments regulation for valuation dates in October 2018 and interest assumptions under the asset allocation regulation for valuation dates in the fourth quarter of 2018. The interest assumptions are used for valuing and paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

DATES: Effective October 1, 2018.

FOR FURTHER INFORMATION CONTACT: Melissa Rifkin (*rifkin.melissa@PBGC.gov*), Attorney, Regulatory Affairs Division, Pension Benefit Guaranty Corporation, 1200 K Street NW, Washington, DC 20005, 202–326–4400, ext. 6563. (TTY users may call the Federal relay service toll free at 1–800–877–8339 and ask to be connected to 202–326–4400, ext. 6563.)

SUPPLEMENTARY INFORMATION: PBGC's regulations on Allocation of Assets in Single-Employer Plans (29 CFR part 4044) and Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974 (ERISA). The interest assumptions in the regulations are also published on PBGC's website (*http://www.pbgc.gov*).

The interest assumptions in appendix B to part 4044 are used to value benefits for allocation purposes under ERISA section 4044. PBGC uses the interest assumptions in appendix B to part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for October 2018 and updates the asset allocation interest assumptions for the fourth quarter (October through December) of 2018.

The fourth quarter 2018 interest assumptions under the allocation regulation will be 2.84 percent for the first 20 years following the valuation date and 2.76 percent thereafter. In comparison with the interest assumptions in effect for the third quarter of 2018, these interest assumptions represent a decrease of 5 years in the select period (the period during which the select rate (the initial rate) applies), an increase of 0.31 percent in the select rate, and an increase of 0.12 percent in the ultimate rate (the final rate).

The October 2018 interest assumptions under the benefit payments regulation will be 1.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for September 2018, these interest assumptions represent no change in the immediate rate and no changes in i1, i2, or i3.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits under plans with valuation dates during October 2018, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a ''significant regulatory action'' under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
